STOCK EXCHANGE ANNOUNCEMENT no 01/14

Topsil to expand its activities in Japan

Topsil today signed an agreement with Japanese Electronics and Materials Corporation Ltd. (E&M). The agreement covers market development and sales of Topsil's ultrapure silicon to the strategically important Japanese market. E&M will collaborate closely with Topsil's recently established Japanese subsidiary.

The new agreement marks a strengthened presence of Topsil in Japan. It will grant Topsil access to the comprehensive customer base of E&M in a geographical market attaching great importance to personal relations. Furthermore, E&M's long-standing silicon experience combined with Topsil's local presence constitute a platform for offering optimum technical customer support in Japan.

The agreement takes effect as of today. No special terms are applied to the contract.

Please direct any questions regarding this announcement to the Company's CEO through Ms Christina Fris Bjørling, Communications Manager, tel.: +45 2152 1011, cfb@topsil.com.

Med venlig hilsen / Best regards

Topsil Semiconductor Materials A/S

Jens Borelli-Kjær
Chairman of the Board of Directors

Kalle Hvidt Nielsen
CEO

This announcement has been prepared in Danish and translated into English. In the event of any discrepancy between the Danish text and the English-language translation, the Danish version will prevail.
